### AUTOMATED REFUSE COLLECTION – ALLEY CLEAN-UP

The City of Laramie Solid Waste Division will continue rollout of the Automated Refuse Collection Program into designated areas of Laramie beginning June 2010. Collection in these locations occurs in alleyways and the automated system will require all residents to maintain their alleys in a manner that is free of obstructions beyond their property line, including personal property and overgrown vegetation (trees and bushes).

We would appreciate your cooperation by inspecting your alleyway and tending to any needs now. City crews will be inspecting the alleyways in the near future to identify locations that require cleanup and trimming to occur prior to June. For locations that require additional efforts, residents will be notified regarding specific items that need attention. Please call the Solid Waste Division at (307)721-5279 if you have any questions.

**Please refer to the city website under the Solid Waste Department to locate your collection area. <http://www.ci.laramie.wy.us/cityservices/solidwaste>. Click on the Automated Collection System Implementation Map.**

Please publish: Feb. 28 and Mar. 7th
