Pool Chemical Maintenance Closure

To insure the health and safety of the Laramie Community Recreation Center patrons the Parks and Recreation Department is announcing the weekly closure of the 8 lane lap pool on Tuesday's from 10:00 a.m. to 12:00 p.m. for routine pool chemical maintenance. In reviewing the factors leading to the accidental pool chemical spill that occurred on February 10th, the safety of all Recreation Center patrons and employees is of paramount importance to the city and therefore the 8 lane pool will be closed for two hours every Tuesday to permit the safe handling of the pool chemicals. This weekly closure will begin on March 3rd and will allow for the servicing of the chemicals required to keep the pool water clean and safe for all Recreation Center patrons. Please note this weekly closure will only affect the 8 lane pool and that the indoor leisure pool and jacuzzi will remain open. The Parks and Recreation Department regrets any inconveniences this weekly closure may cause.
